2021-22

From the table of Chairman

PAVITRA HRIDAY

We are proud to present the 2nd Annual Report of PAVITRA HRIDAY, for the year 2021-22. This report summarizes the achievements and progress that have been made over the last year in the sphere of social development of communities.

Our volunteers, social workers and the management has started its social service initiatives in Delhi, Haryana, Uttar Pradesh and Rajasthan, where it is covering almost all the blocks and taluks and developmental projects are being implemented in association with village panchayats, schools, colleges and volunteers

we are undertaking some of the grass root level projects like: Non-Formal Education, Vocational Training Program, Women Empowerment Program, Environmental Awareness Program, Cultural Programs, Seminars and Conferences etc. Now we are planning to start a home for senior citizen and orphanage. Efforts are being made to gather the resources.

Last but not the least; I would like to thank to our members for their involvement in the various innovative programmes, like running of free Education centers, distributions of clothes, in the slums, /rural areas. Training for women in different self-employment programmes, legal Aids etc.

We would like to extend our sincere thanks to our stakeholders for their continued support and remarkable contributions. Looking ahead, we will continue to work towards realizing our vision to be a leader in engineering education, and advancing research and innovation to support socio-economic development of the region.

PAVITRA HRIDAY looks forward to very promising prospects of the coming year, and hope that, with the support of all our funding partners, well-wishers and the community people, we will again make it a very successful year.

In solidarity

BRIJESH KURMI
(Chairman)

Welfare & Developmental Activities of the Organisation

1. Program to support children in Difficult circumstances including Street and Working Children of NCR and Banjara Basti of Dhaba Complex in City Council Area Bhiwadi

we are conducting non formal education program where We are identifying them and arranging for imparting them reading and writing skill. The aim of this school is to provide education to the children who are not in a position to attend any formal school and to help them grow into responsible adults and to encourage them becoming independent.

There are several children of poor families who are leftover on the streets and nobody take care of their health. Some of these children tend to look to the other side of life i.e. they get involved in various criminal activities and end up as anti-social elements.

As per observation and the feedback from the local people we found that most adult illiterates spend most of their time making a livelihood. So it was necessary to adjust the timing of this program according to their need and suitability. So designed the program accordingly and implementing successfully.

Our volunteers and social workers identify the needy ones and help them get immediate relief from child line and if needed we refer these cases to orphanages.

4. Vocational education & Entrepreneurship Development Programs:

To bring about awareness about entrepreneurship skills a 15 days virtual online

training programme was organized for students free of cost. The Entrepreneurship Skill-Training Workshop was a practical and intensive 15 days program which trained the participants on a process for developing and scaling ideas. The program consisted of an ideas framework that helped participants, get ideas, validate them, develop them and test them in a real world environment.

The programme was aimed at inspiring and providing education and critical skills for young entrepreneurs and designed to give prospective entrepreneurs the skills and resources they need to address community issues and create sustainable enterprises. These programs include technology to market accelerators, business plan competitions, ideation workshops, technology tools, entrepreneurship curricula to help students build entrepreneurship skills. The e-learning course was based on the fundamentals of entrepreneurship and education on basic technology tools that can be used to empower businesses. The program had 40 hours of content and gave entrepreneurship education to commercialize and scale businesses.

After successful completion of the programme the students made a final presentation with the use of technology for entrepreneurship. 25 students successfully completed the training programme.

5. Women Empowerment & Welfare

On March 8, 2022, International Women's Day was celebrated with the girls and women working as labourers in The City Council Area Banjara Basti Bhiwadi Dhaba Complex Bhiwadi Nagar Parishad Area Bhiwadi, all were honoured with garlands and bouquets of flowers and were given a snack.

The objective of this programme is to make the women know of their rights and laws enabling them earn their livelihood, fight for their rights and requirements. Women constitute the very backbone of the family. Women have to play multiple roles: a mother, a wife and a host of other roles simultaneously.

Every family is dependent on the woman, who is the lady of the house. Children look up to their mother for guidance on social, cultural, educational and religious values.

The husband depends on the woman for every aspect of the family life.

Empowering women will lead to a well-balanced family structure, which is vital for proper growth of the community. In this front we are organizing Mahila Mandals and Mahila Panchayats in these villages where our women volunteers discuss the issues and try to settle the matter immediately with the consent of family members.

| BENEFICIARY | Women |

6. Programs for senior citizens, disadvantages and differently abled people

The surveys on lives of senior citizens, disadvantages and differently abled people it was found that malnutrition is one of the most prevalent illnesses that threaten the health of the Elders of Faridabad. The Elderly routinely suffer from hunger and nutrition related illnesses. PAVITRA HRIDAY . is dedicated to spread the message among people of Delhi and Rajasthan; a sense of partnership and hope by motivating children and youth to look after well their parents.

With the objective of improving the quality of life of people with the concerned disabilities we are organising free medical check up camps, helping them procure artificial limbs, hearing aids, tricycles and other preventive and curative devices. Our social workers use to mix up with them and motivating them to feel like an ordinary human being like others. We are mobilising business houses to provide training and employment opportunities for them so as to make them independent and live a graceful life.

7. Cultural Program

26-01-2022: Flag hoisted by the Chairman at Harchandpur village in Nagar Parishad area Bhiwadi on January 26, children were given sweets to eat and clothes were distributed to needy children. To inculcate the culture and tradition cultural programs were organised. Culture is what defines our practices as a community. Even our actions, rituals, and beliefs are a part of the culture we dwell in. Culture extends to art forms, music, dance, and other specific activities. India is a land of multi diversities coming together to create a unique cultural balance that promotes harmony and strengthens the community bond.

Apart from educational and sports activities, the youth today needs to get educated about the rich culture of India. Art and music play an essential role in educating young minds about the preserved culture dating back to centuries that reflect India.

In India, classical music is a medium of depicting mythical stories, narration, or devotion. Classical music connects the soul to divinity and nature. The practice of narrating stories is also reflected in folk dances. The folk dance tells about a tradition, a well-known story in the community, or a typical day, people's occupations, and, like classical music, gets passed down from generation to generation

Apart from this we celebrated the life and contributions of some of the social reformers/ politicians including:

- we celebrated the birth anniversary of the country's first Deputy Prime Minister, respected Sardar Vallabhbhai Patel ji,
- The birth anniversary of India's first Education Minister Abul Kalam Azad ji was celebrated and the book Kopi was distributed to the children,

- The birth anniversary of the Prime Minister of India, Atal Bihari Vajpayee ji, was celebrated,
- To celebrate the victory of Lord Rama over devil Raavna On Deepawali, the needy children went to the slum and lit a lamp with them to celebrate Deepawali and sweets were distributed to the children. The book copy Pencil Eraser was distributed to all the children along with the children of the slum and sweets were also given.

9. blood Donation camps, Health promotions and covid Awareness

Following a call by the district authorities, our NGO has taken up campaigns to create awareness among the public on the importance of using sanitisers, wearing masks and maintaining physical distance to protect oneself from coronavirus.

This year we organized one blood donation camp in association with local hospitals. In the program many dignitaries too participated and contributed in the campaign. Youths and volunteer donated blood and nominated their availability for emergency cases where it requires, they can further donate blood.

10. Environmental Awareness Programs

The basic objective of the program was to ensure Participation of School Children virtually and getting them involved in environmental protection and awareness campaign. 2 schools of the community are working with us and contributing for the cause of environment protection programs. This year we held 4 inter school essay writing competition and painting competition based on environmental themes. Simultaneously a plantation drive too was launched with a target of planting at least 1000 shrubs and trees in a barren land.

ACKNOWLEDGEMENT

We wish to express our deep sense of gratitude to the Governing body/Government Agencies for giving their full co-operation in the implementation of plan.

We take immense pleasure in thanking Students, volunteers, community people, funding agencies and other donors for coming forward with helping hands and financing our plans and programmes.

We wish to extend our sincerest thanks to the whole team of organization for their continued help & support and for working together as a team.

Finally, yet importantly, we would like to express our heartfelt thanks to the local inhabitants of the targeted areas and all others who actively participate in our programmes & activities.
